

GEO WEEK 2018 in Kyoto, Japan, 29 October-2 November 2018

Date:

Monday, October 29, 2018 - 16:15

Is starting today the GEO Week 2018 and the GEO-XV Plenary (29 October - 2 November 2018) in Kyoto, Japan.

This gathering of GEO's 105 Member governments and 126 Participating Organizations will explore efforts and opportunities for the use of Earth observations for the benefit of humankind, focusing on GEO's three priority areas: the Sendai Framework for Disaster Risk Reduction, the Paris Climate Agreement, and the UN Sustainable Development Goals.

EPOS research Infrastructure dissemination materials will be distributed at the **ENVRI community booth** at the GEO Week Exhibition. All the ENVRI Research Infrastructures will show in the stand examples of their connections and contributions to GEO Initiatives and other global projects and networks.
