

Dec 14

[EPOS ICS - TCS Integration meetings planned for the 2019, follow us to be updated!](#)

Friday, December 14, 2018 to Thursday, February 28, 2019

Location:

dates and venues will be announced really soon

During the 4<sup>th</sup> year of the EPOS IP project to guarantee the EPOS roadmap, the test of the validated EPOS data and service provision and the start of the pre-operational phase, several [TCS-ICS](#) Integration Workshops and internal meetings will be organised by the EPOS IP Thematic Core Services ([TCS](#)) teams and the Integrated Core Services Central hub ([ICS-C](#)) Team.

These events will have the main goal to discuss criticalities and mitigation actions, to work together on the technical Implementation and the operational of services.

The dates and venues will be announced really soon, follow us on the EPOS social media and EPOS website to stay updated on news and events!
