The EPOS Sustainability Phase (SP) project that has been funded by the European Union’s Horizon 2020, INFRADEV-3 call, under Grant Agreement No. 871121 will start on the 1\textsuperscript{st} of February 2020 and will last for three years. It involves twenty-four beneficiaries from seventeen European countries.

The EPOS SP project will organise its kick-off meeting on February the 10-12, 2020 in Brussels (Belgium) at \textit{the President Brussels Hotel}.

During the event there will be organised different meetings:

- \textbf{on the 10\textsuperscript{th} after lunch time}
  - the meeting of the \textit{Executive Board of the EPOS SP project} with the Leaders of each Working Package (WP);
  - the meeting of the \textit{EPOS Service Coordination Committee}, composed by the representatives of each TCS and ICS.

- \textbf{on the 11\textsuperscript{th} (whole day) there will be the official EPOS SP project kick-off meeting.} The EPOS SP WP and Task Leaders, the SP Project Council members as well as the any person having a key role in the project are requested to attend the meeting.

- \textbf{on the 12\textsuperscript{th} there will be the Project Council (PC) meeting} with the participation of the representative of each beneficiary followed by a second meeting of the Service Coordination Committee.

The event will end with a lunch.

The registration for the EPOS SP kick-off meeting (by invitation only) is now open; the \textbf{deadline to register is the 31\textsuperscript{st} of January 2020}.
