At the EGU, EPOS is organizing an exhibition booth which will serve as a meeting point for the scientific community where the science community can learn more about the EPOS Research Infrastructure and its Integrated and Thematic Core Services.

At the EPOS booth, which is located at the same place of the last year: **booths 112 & 113, at the Gallery, at the First Floor** visitors can meet EPOS community and take EPOS flyers, and gadgets.

Moreover, during all the week **at the booth will be organized “demonstrator sessions”**, some presentation talks made by members of the EPOS community to present the Research Infrastructure and some [TCS](#) services or

other specific topic.
