

EPOS Implementation and Validation Workshop in Lisbon (PT), at SANA hotel, 12 - 14 March 2018

Date:

Monday, February 12, 2018 - 13:00

On March 12<sup>th</sup> - 14<sup>th</sup> 2018 the EPOS Implementation Phase Project will organise in the beautiful city of Lisbon (Portugal) the Implementation and Validation Workshop. The event will be held at the [SANA hotel](#).

More than 100 key players of the EPOS IP community from the 10 Thematic Core Service and from the Integrated Core Services will attend the workshop . Participants will discuss the present status of the implementation of EPOS services and data provision as well as the validation of EPOS services to enter into the pre-operational and testing phase.

The [SCB](#) Meeting will take place on March the 14th starting at 14.30 and ending at 18.30.

On March the 15th after the two events the EPOS Board of National Scientific Representatives (BNRS) will meet for the third time at the same venue. The Agenda of the events will be circulated soon.

The registration to attend the meeting is still open (for few days), the registration deadline is: 10 February 2018. If you haven't already done, please register now!

For more information on the workshop please contact the EPOS WP leaders or organizing committee at: [info@epos-ip.org](mailto:info@epos-ip.org)
