[The EPOS Validation Workshop in Barcelona \(Spain\), 9-10 October 2018](#)

Tuesday, October 9, 2018 to Wednesday, October 10, 2018

Location:

Barcelona (Spain)

The EPOS IP Validation Workshop will take place in Barcelona (Spain) on the 9<sup>th</sup> and 10<sup>th</sup> October 2018, after the [TCS - CS Implementation Workshop](#). The Validation Workshop is open to the EPOS IP [PDB](#) members, [ICS](#) and [TCS](#) Leaders, Proxies, and Key players, and to the Validation Secretariat (BNSR).

The third year of the EPOS IP project was dedicated to validating the data and service provision. The workshop goal is to discuss and present the list of EPOS services that has been validated from a technical, legal and financial

perspective, to enter in the pre-operational phase. More details about the venue and the agenda will be available soon.

For more information on the workshop please contact the EPOS WP leaders or the organizing committee at: [info@epos-ip.org](mailto:info@epos-ip.org)
