

EPOS session @ the 36th General Assembly of the European Seismological Commission (ESC) in Valletta, Malta, 2-7 September 2018

Date:

Monday, September 3, 2018 - 12:15

The 36th General Assembly of the European Seismological Commission (ESC) in Valletta, Malta, from the 2nd to the 7th September, 2018 is just started.

EPOS, and in particular EPOS Seismology, is chairing the session **S02 “Seismological e-infrastructures and their data and products services”**, scheduled on Monday 3rd, 2.30- 5.30 p.m. at David Bruce Hall,

Organized by the EPOS headquarter, an EPOS booth in the Sacra Infermerial Hall is set up as a meeting and information point for all conference participants who want to know more about EPOS.

On Monday, the 3rd September, after the session at David Bruce Hall, EPOS Seismology will host an “information meeting” open to all conference participants, followed by an EFEHR coordination meeting.
